Personalized Practice
Mobile App

Your students will get access to a personalized mobile app, enabling them to practice & prepare on the go.

Available on Play Store & App Store

Available on the **App Store**

GET IT ON **Google Play**
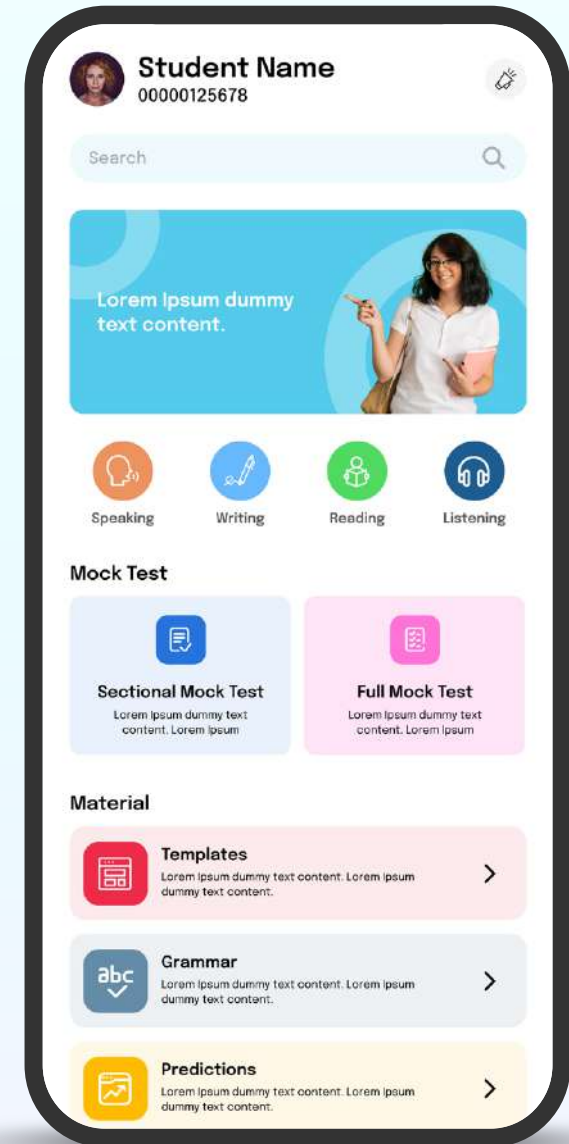

Self-Managed Admin Panel

Gives you full administrative control over your personalized students' practice website allowing you to manage it effectively.

Access To Create & Control Student Logins

Allows you control over the student's database where you can create, edit, upgrade & delete accounts of your students.

View & Manage Student's Analytics & Performance
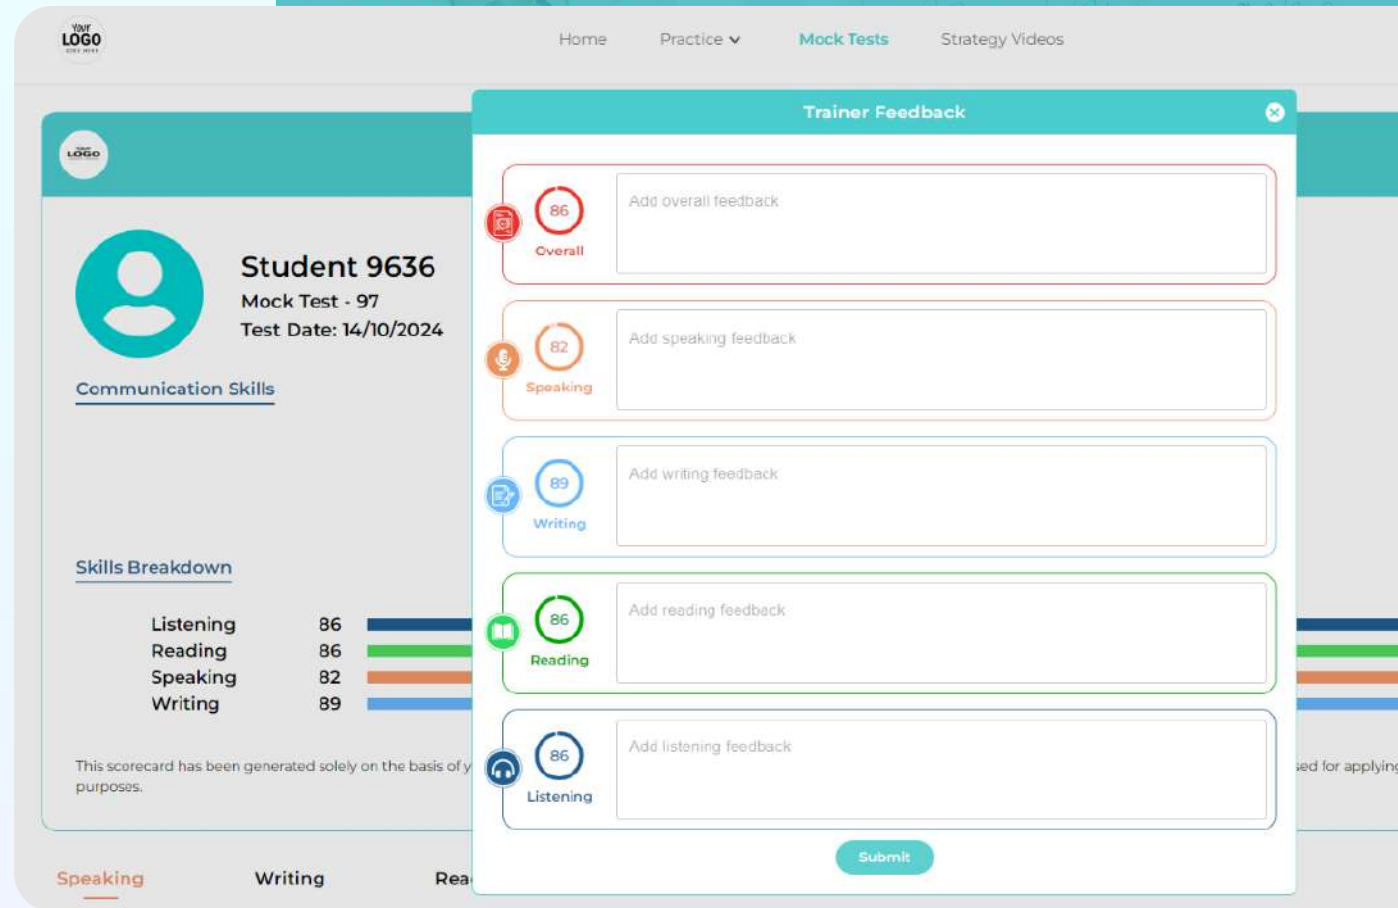

You will be able to access all full & sectional mock tests attempted by your students.

Give Feedback on Student's Performance with Trainer Mode

The Trainer Mode feature lets your trainers access students' practice and mock test responses. Trainers can analyze performance and leave comments or feedback to guide improvement, helping students succeed more efficiently.

Customization of the Student Practice Platform

Allows you to add your own templates, grammar rules, prediction files & strategy videos for your students.

FMTs : Full Mock Tests
SMTs : Sectional Mock Tests
Note : All the mock tests are AI scored

Branding Options Offered to Business

- ## Co-Branded Platform

  We offer a co-branded platform featuring your company logo and a customized URL as *yourcompany.portal.alfapte.com*. This allows you to maintain your brand identity while leveraging Alfa PTE's resources. *There are no additional fees for this option.*

- ## Fully Branded Platform

  For a fully branded experience, we can host the platform on your own domain (e.g., yourcompany.com). To proceed, you will need to provide the domain, and there is a *one-time setup fee & the per-account cost will be... higher* than the co-branded option, offering a fully customized solution tailored to your business needs.
